If a child discloses an incident of abuse, Templeton Primary School staff will:

- Try and separate them from the other children discreetly and listen to them carefully.
- Let the child use their own words to explain what has occurred.
- Reassure the child that you take what they are saying seriously, and it is not their fault and that they are doing the right thing.
- Explain to them that this information may need to be shared others, such as with their parent/carer, specific people in your school, or the police.
- Do not make promises to the child such as promising not to tell anyone about the incident, except that you will do your best to keep them safe.
- Do not leave the child in a distressed state. If they seem at ease in your company, stay with them.
• Provide them with an incident report form to complete, or complete it together, if you think the child is able to do this
• As soon as possible after the disclosure, record the information using the child’s words and report the disclosure to your principal or your school’s child safety officer/champion, police or child protection
• Ensure the disclosure is recorded accurately, and that the record is stored securely on XUNO or with the Assistant Principal.

If a parent/carer says their child has been abused or raises a concern:
• Explain that your school has processes to ensure all abuse allegations are taken very seriously
• Ask about the wellbeing of the child
• Allow the parent/carer to talk through the incident in their own words
• Advise the parent/carer that you will take notes during the discussion to capture all details
• Explain to them the information may need to be repeated to authorities or others, such as the School’s management or Child Safety Officer, the police or child protection
• Do not make promises at this early stage, except that you will do your best to keep the child safe
• Provide them with an incident report form to complete, or complete it together
• Ask them what action they would like to take and advise them of what the immediate next steps will be
• Ensure the report is recorded accurately, and that the record is stored securely on XUNO or with the Assistant Principal.
