POLICY

1. School profile

Templeton is a high performing, student focused school that places a high emphasis on student personal achievement and is committed to challenging our students in all areas of the curriculum. Students' individual needs, personal interests and unique characters are known and supported by staff and enriched by an immersive, safe, positive and vibrant learning environment.

At Templeton, our curriculum is based on the understanding that students learn best by being engaged and active in their learning. Our philosophy of providing our students with a broad and well balanced educational experience ensures that each student has the opportunity to explore and release their individual talents. This philosophy is supported by our extensive range of extra curricula offerings.

Specialist classes in Chinese, Art, Music, Performing Arts, ICT, Library and Phys Ed, ensure that all Templeton students have the opportunity to learn in varied ways. Through these opportunities, our teachers aim to create experiences that inspire students to learn and to continually challenge their personal best. To further support our classroom and specialist programs, we offer Challenge programs for students who require extension beyond the classroom; programs such as Literacy and Numeracy extension, Chinese extension and Physical Education Extension Program (PEEP).

In addition, Literacy and Mathematics support, including Reading Recovery, identifies students who require specialised intervention early in their schooling and puts them on the right path to achieving their educational goals. All our students are supported in the classroom with challenging work at their level.

Our commitment to the pastoral care and mental health of our students is supported with an extensive range of programs that support the emotional needs of our students. Programs such as Lunchtime Clubs, The Resiliency Project, Values Education, Coding, Sport, Homework Club, Dance and Inter House activities, ensure that our commitment to supporting the health and mental wellbeing of our students is paramount.
