Prep Butterfly Incursion

On Wednesday, the Preps were visited by the butterfly lady, Sharon. They learnt about the butterfly body parts and life cycle, participated in butterfly themed activities and got to observe butterflies eating and flying around. It was both a calming and exhilarating experience for the children, especially when butterflies landed on them. Over the next few weeks, each Prep class will be observing a chrysalis changing before a butterfly emerges.

Year 4 Science Incursion

“

Swara:

The science incursion was so much fun because we got to learn new words and we also got to try different activities. We learnt about the different forces of energy. We learnt about how electricity travels through different conductors. It was so much fun!

”

“

Leo:

The science incursion was so much fun because we got to learn about forces and energy and do different experiments. We saw a bottle fly up to the roof! The activities were very fun and the incursion was very educational.

”

Hannah:

The science incursion was so much fun because we got to try lots of different experiments. We also tried to make sounds out of electricity, which was a bit hard, but still so much fun. I learnt about different types of energy and how they work. At the end of the incursion, we got to see a bottle of water exploding in the air! I had a great time and I would definitely do it again!

Staffing News

It is with mixed emotions that we will be farewelling staff at the end of this year.

In what is an exciting career opportunity, both Ms Nelson and Ms Corrie, will be pursuing a career change at Hampton Park Secondary College. As part of their Educational Support Team, both Ms Nelson and Ms Corrie will join their Student Support program in what will be a new challenge for them both. Ms Corrie and Ms Nelson have been extremely valuable and popular members of our staff and have made significant contributions to our school over a long period of time. We wish them both well in their change of career aspirations.

Mr Williams has served our community for 7 years with distinction and is a much-loved member of our staff. An empathetic and dedicated teacher, Mr Williams will be greatly missed by us all as he moves closer to his new home at Cheltenham Primary School.

Also, moving to be closer to her new home is Ms Stephanie Anderson. Although Ms Anderson has been with us for just two years, she has made a significant impact on our school. We wish her well as she moves to Pakenham Springs Primary School to be closer to her new community.

Speaking of moving, we also wish Mrs Marni Cousins well as she makes a move across the border to Adelaide in an exciting new family adventure. In thanking her for her wonderful service to our school we wish her and her family well as they embark on a wonderful new experience.

In wishing Mr Williams, Ms Anderson, Mrs Cousins, Ms Nelson and Ms Corrie well in their individual pursuits, we welcome Mrs Rachel Kendrick to a full-time position at Templeton. Many of you will know Mrs Kendrick for her support work in Grade 2 this year and it is with great anticipation that we welcome her to our staff in a full-time capacity in 2024.

Rod McKinlay

This year we welcomed Mr Maroney from Karoo PS to take over our Phys Ed program. He has been such a success that we have gone back to Karoo PS and picked up Mr Matt Leeson who will also be joining our staff in 2024. Mr Leeson is a very experienced teacher who has taken on leadership positions in literacy and grade level coordinator roles at Karoo. Mr Leeson brings with him a wealth of experience and we look forward to what he will bring to our school.

Also joining us, from Donvale Primary School, is Mr Jonathan Tapper. Again, parents will know Mr Tapper because of his work as a CRT throughout 2023 and more recently with his work this term in Grade Five. Mr Tapper brings a unique skill set to our school that will be of great benefit to our students.

Ms Stephanie Quang will be continuing in a full-time capacity next year. We have been working with Ms Quang since she was a student teacher. We have witnessed her growth over the years and we are thrilled that we are now in a position to offer her a position in 2024. Ms Quang is also an ex-Templeton student who we are most proud of!

Finally, in addition to our current Curriculum Support staff, we will be adding Ms Vasia Di Giovanni to our team. Ms Di Giovanni is another outstanding graduate teacher who we are thrilled to have join us next year.

I'm sure you will join with me in welcoming, Mrs Kendrick, Mr Leeson, Mr Tapper, Ms Quang and Ms Di Giovanni to Templeton in 2024.

PLANNING FOR 2024

We are now in planning mode for 2024. If you are aware your child/ren will not be able to return to Templeton next year, please let me know in writing as soon as possible. This is particularly important as we need to ensure we have the right number of students for each of our classes next year.

2024

2025

PREP 2025 ENROLMENTS NOW OPEN

With 2024 Prep enrolments finalised, we are now seeking sibling and new family enrolments for 2025.

School tours for new families to Templeton are also open for October, November and early December bookings.

Please contact our Enrolments Officer, Mrs Trudy O'Neil, to arrange a time for me to meet our newest Templeton students and for you to pick up your 2025 Enrolment Form.

A reminder that Monday 27 November is a student free day. Please note that Camp Australia will be operating on this day.

Seven Steps to Writing Success

Writing is an important component of the English Curriculum. We use the Seven Steps To Writing Success Program to support our structured approach to teaching writing. Once students have a clear understanding of the structure of a genre they are writing we then look at the Seven Steps and use them to improve our writing and make it more engaging for our readers.

**1.
Plan for
success**

**2.
Sizzling
Starts**

**3.
Tightening
Tension**

**4.
Dynamic
Dialogue**

**5.
Show,
Don't Tell**

**6.
Ban The
Boring Bits**

**7.
Exciting
Endings**

These Steps are all important regardless of the genre and our students gradually build their knowledge in each of the Steps as they progress through their education at Templeton PS.

Ayse Bavage – Learning Specialist

Another important element of our teaching is to write for a purpose. The Grade 5 students are currently writing information reports in the format of a brochure. The topic is their recent camp to Phillip Island Adventure Resort. Their purpose is to inform the Grade 4 students of the wonderful opportunities they are going to have when they go on the camp next year. Students were able to work in pairs or individually to plan, design, write, edit and digitally produce their brochure. Consideration was paid to the Seven Steps listed above to ensure that brochures engaged the audience. Brochures are currently being printed and hand delivered to the Grade 4 students. Included below is an example of one of the brochures from Deakin and Meer in Year 5:

INTRODUCTION

PHILLIP ISLAND ADVENTURE RESORT CAN ACCOMMODATE 200+ PEOPLE IN FOUR SEPARATE AREAS. YOU WILL BE STAYING IN COLONNAGES WHICH CAN ACCOMMODATE OVER 100 GUESTS. THE COLONNAGES HAVE THEIR OWN DINING AND FUNCTION AREAS. PHILLIP ISLAND ADVENTURE RESORT WELCOMES GROUPS OF EVERY KIND INCLUDING SCHOOL, BAPTIST, CHURCH GROUPS, COMMUNITY GROUPS AND OF COURSE THE GENERAL PUBLIC THAT ARE VISITING FOR A NIGHT OR TWO. SO STRAP UP YOUR HARNESS, PLACE YOUR SAFETY BOBBLES ON, SECURE YOUR HELMET AND GET READY FOR THE WILD SIDE BECAUSE THIS IS CAMP.

2023 TAEKWONDO NATIONAL CHAMPIONSHIPS

Di Hynes – Learning Specialist

Two students from Grade Three, Jayden C and Gavin L recently attended the Taekwondo National Championships in Perth on October 15th 2023, both receiving a gold medal for their efforts.

Gavin has been doing Taekwondo for about a year and has already achieved the following: a silver medal in the Victoria Winter Open Championship in May, a gold medal in the Victoria State Sparring Selection in August, and then a gold medal at the 2023 Taekwondo National Championships in Perth. Fantastic effort.

Jayden has been doing Taekwondo for about three years and also received a gold medal at the 2023 Taekwondo National Championships in Perth. He first started Taekwondo in January 2021. As he became a blue belt, he was selected by the team's coach and began receiving professional training as a player. He won his first gold medal in his first appearance at the Cold Coast Open in May 2022. Since then, he has participated in a total of 9 Taekwondo competitions and won 11 gold medals. Since his debut, he has maintained an undefeated record. His current dream is to become a World Taekwondo Olympic athlete. Terrific effort.

Congratulations to both boys on their achievements.

OSHC.

A message from your Coordinator

We have still got so much **FUN** planned in OSHC this term, from 2 more STEM Incursions, Art Club and Lego Club every week, Rubbish Robots, and of course, Christmas! Stay tuned to our Newsletters and Upcoming events calendars →→→→→

Please note we will be offering a Pupil Free Day Program on Monday 27th November; however, this will be subject to meeting minimum booking requirements. **A decision on operating this day will be made on Fri 11th Nov.** If you require care on this day, please book in as soon as possible to avoid disappointment.

Parents will start receiving 2024 Medical Management Plans for their children in the coming weeks. These need to be returned to OSHC prior to the commencement of Term 1, 2024 (or earlier if possible), once signed off by parents and a Doctor (as needed).

Now is also a good time to jump onto your parent portal and check to make sure all of your information is up-to-date; this includes checking that phone numbers and addresses are current, any medical information for your child is accurate, any additional emergency contacts have been added (and remove any no longer relevant contacts) etc. You will also need to check that bookings for 2024 are accurate, as ongoing bookings from 2023 will roll-over into the New Year, and we don't want you to be charged for bookings that are no longer required (particularly if your child is leaving for high school or moving to a new school).

Lastly, just a quick reminder to ensure **all** families bring their children **all the way** to the OSHC room at drop off; children must not come in without a parent, particularly now that sign in processes have changed (parents are now required to sign their child/fren in and out at drop off and pick up).

If you have any questions, please see Leclia in the OSHC room or call 0452 247 739.
