### **Rationale**

Templeton Primary School recognises the importance of parental support and involvement in the school. The basis of relationships between all members of the school community (the staff, children, and parents) will be one of mutual respect.

### **Aim**

To ensure that all school community members understand and support the school's position in relation to standards of behaviour.

### **Implementation**

Staff at Templeton Primary School, including teachers, education support staff, office staff, the assistant principal/s and principal are committed to providing a supportive learning environment for all our students. Our staff take their work very seriously and feel privileged to be able to play a significant role in each child's education.

All staff at Templeton Primary School have a right to a safe and supportive work environment.

Templeton Primary School expects that all parents/carers and visitors to our school behave in an appropriate and respectful manner to school staff at all times.

There will be a zero-tolerance approach to any aggression, intimidation, threats, or harassment of school staff, by any means (e.g. in person, by phone, by email, on social media). These behaviours may lead to exclusion from school grounds and school activities.

The principal may report aggressive, intimidating, threatening or otherwise inappropriate conduct to Victoria Police. The Department of Education and Training may also take legal or other appropriate action against community members or parents/carers who pose a threat to the safety and wellbeing of school staff.

Templeton Primary School expects all members of our community to act consistently with our *Statement of Values*. We are committed to ensuring that staff, parents/carers, and students can work together in an appropriate and respectful way.
