

TEMPLETON PRIMARY SCHOOL

# STEM via LEGO® Robotics

TPS is proud to commence its partnership with Young Engineers in 2019 to bring you the globally recognised, hands-on & proven STEM program. The Program explores Science, Technology, Engineering and Mathematics (STEM) basics using specialised LEGO® based educational & robotic kits.

- **The Program will be available to all Year 1 - Year 6 students and will commence from Term 2 2019.**
- **Sessions: 7 Weekly Sessions through the Term**
  - **Cost: \$170 incl GST**
  - **New STEM model every week**
  - **Wednesday & Friday Sessions**
  - **3.30 pm to 5.00 pm**

Students will develop & learn through year appropriate STEM models including **Coding for Robotics.**
